Miss Maura O'Neill
Environmental Specialist
Seattle City Light
1015 Third Avenue
Seattle, WA 98104

Dear Miss O'Neill:

Further to our meeting of March 27, 1978, I am enclosing a copy of the license for our Arlington facility for your review as you requested.

As I also advised you by telephone on March 28, Chem-Nuclear is fully approved by the State of Oregon to accept all types of PCB wastes from Seattle City Light. Therefore with your concurrence, we would like to begin discussions with your operating and maintenance personnel as soon as possible so that Chem-Nuclear will be in a position to accept the next load of PCB wastes for which disposal will be needed. If there is any additional information you need with respect to Chem-Nuclear's capabilities and approvals to accept these wastes, please do not hesitate to contact me.

I appreciated the opportunity to meet with you. Chem-Nuclear Systems looks forward to working with you and Seattle City Light. I hope to hear from you shortly.

Sincerely,

CHEM-NUCLEAR SYSTEMS, INC.
